

ORM

ARMING PIER
SENTRIES/QUARTERDECK
WATCHES

HAZARDS

- LACK OF TRAINING
- WEAPONS TURNOVER
- ACCIDENTAL DISCHARGE
- LACK OF MATURITY/RESPONSIBILITY
- LACK OF SITUATIONAL AWARENESS
- RULES OF ENGAGEMENT
- LOSS OF WEAPON
- DISGRUNTLED SERVICE MEMBERS

What If...

- Use rubber bullets?
- Somebody loses a weapon?
- The Pier sentry is attacked?
- Someone gets killed?
(servicemember or civilian)
- The pier sentry is showing off his gun?

CONTROLS

Lack of Training

- Increase the periodicity of small arms quals
- Increase ships' NCEA
- Train the trainers
- Scenario training/Team trainers
- Weapons training at Boot Camp
- Random pier inspection

Controls

- Weapons Turnover
 - Training
 - Qualified supervisor
 - Standard Procedures (i.e. log book)
- Accidental Discharge
 - Training on weapons and weapons familiarity
 - Supervision
 - Safeties

Controls

- Lack of Maturity
 - Pier sentries E4 and above
 - Section Leader intervention
- Lack of Situational Awareness
 - Communication with the ship
 - Scenario based training
- Rules of Engagement
 - Training on Levels of force and matching force to threats

Controls

- Loss of Weapon or Ammo
 - Supervision
 - Training on keeping your weapon
- Disgruntled Shipmate

RAC

- LACK OF TRAINING RAC-1
- WEAPONS TURNOVER RAC-4
- ACCIDENTAL DISCHARGE RAC-2
- LACK OF MATURITY/RESPONSIBILITY RAC-2
- LACK OF SITUATIONAL AWARENESS RAC-3
- RULES OF ENGAGEMENT RAC-3
- LOSS OF WEAPON RAC-3
- DISGRUNTLED SERVICE MEMBERS RAC-2

Implementation

- PQS requirements increased
- More hands on weapons training
- More supervision pier sentry
- Force protection exercises
- Possible rubber bullets
- Lower duty sections

Supervision

- Spot Checks: CDOs, Section Leaders, Regional Force Protection
- Force Protection Officers/Safety Officers
